18th September 2017

Dear Parents/Carers

EARLY CLOSURE ON THURSDAY 28TH SEPTEMBER 2017

Our Open Evening is an essential part of our annual calendar. Over recent years we have increased the scope of the event and the number of students who return in the evening to contribute. To facilitate the preparation of the school we will be closing at 12.30pm.

This year we will be combining our Open Evening with an event earlier in the day to formally open our Science Centre.

Although we are unable to invite all students to this event, all students will be part of our day of celebration by participating in a special science event in the morning. This will be led by our guest of honour Monica Grady CBE, Professor of Planetary and Space Sciences.

We have negotiated departure times for school transport and therefore buses will collect students from Stratton at 12:30pm.

Please note that there will be no school lunches on this day. Any students who are in receipt of free school meals should use their lunch ticket to purchase food at break time.

Yours faithfully

Rob Watson
Headteacher
